

Cliprex DVD Ripper

Free DVD Ripper Software

Cliprex DVD Ripper rips DVDs to video files. It supports most dvds, and in case no dvd is found it will accept iso's (i.e. from dvdshrink) or dvd folders located on the harddisk (i.e. from dvd decrypter)

Cliprex DVD Ripper rips dvds to most common video formats, is compatible with most PocketPC's and PalmOS5 devices, IPOD Video, iPhone, smartphones and many other portable devices. Its straight forward no-nonsense design makes this application very easy to use for even unexperienced computer users.

Cliprex DVD Ripper does not rely on or use Windows codecs to be installed for conversion.

It also allows basic adjustments to make the movie fit on the screen (cropping) and important quality adjustments to make a movie fit almost any filesize! Cliprex DVD Ripper is also region free. [Download Now!](#)
